March Meeting to be held at Rex's Innkeeper

The March Screamin' Eagles meeting will return to Rex's Innkeeper in Waunakee on **Thursday** March 11 2004 at 7:00 PM. They have good food and drinks so come early and grab a bite to eat there to show our appreciation for using their place as our new fall and winter meeting site. The Innkeeper has lots of room for show and tell so feel free to bring those projects you are anxiously waiting to show off before the spring maiden flight.

Never fail to recognize the supreme sacrifice our troops are making to protect our country's freedom!

Minutes - By Roy Seals

Our February meeting took place at the Gallery of Aviation. As always we had good food, good company and plenty to look at. We would like to take this time to thank Le Roy for having us.

After we all finished eating, our meeting was called to order by our president Bill Disch. We had our treasurer report and were informed that we have received both our AMA and IMAA sanction for our June 12 event.

Continued on page 2

We voted to send news letters to the people who showed interest in our club as well as put membership recruitment flyers in the local hobby shops along with our fly in flyer. Mark Johnson volunteered to make up a recruitment flyer based on the one LARCC uses. Mark also told us that LARCC would be happy to have us back for our summer meetings at the Quarry field. We would like to take the time to thank the Lodi club for their hospitality.

Le Roy suggested we consider having a candy drop at our fly in and I asked Doug if he would be willing and he said it would be no problem.

Show and Tell

Roy brought a digital pull scale that can be used to measure thrust up to fifty pounds and a Miniature remote color video camera about the size of a sugar cube.

That's it for the February meeting. Hope to see you guys at the March meeting at the Innkeeper. Looks like the weather is starting to ease up a little bit so maybe this year we can have a little more flying time...lets hope.

Till next month, Roy

Trez/Ed Sez – By Le Roy Stuczynski

Just where did this month go? Seems it was just yesterday I was making the ham and beans for our meeting at the Gallery of Aviation. I sure enjoyed having you and I trust you all had as good a time as I did. O.K., February is a shorter month, even with leap year. Although the pension check was the same as other months. Just how can a retired person keep track of all this?

The month was extremely busy in that our family had to step up the assisted living search for my mother. Mom is finding that each day is becoming more and more difficult without assistance. As mom's safety is the top priority, this issue of Eagle Screams is smaller. Luckily I had the pictures I took at the meeting last month for a page.

Mom's immediate move was to a respite facility until we can re-locate her to the first suitable assisted living facility she finds which is to her satisfaction. She will live there until she can find a permanent facility. She has her name in at a brand new facility which will be ready in about 6 months. Unfortunately her safety, due to falling, is severely jeopardized right now so we needed to take these immediate steps. The plan has added a great deal of comfort to mom. So you see, this will be a multi step process which will eventually result in a new home for mom and the museum and allow us to continue to share the amazing contents of the museum with those who dad intended it to benefit. The museum is still open by appointment for all to enjoy in its current location.

Even our President had a busy month and he was unable to do his Prez Sez so I guess it's just part of retirement.

I guess I've rambled on enough but I thought I'd keep my fellow Eagles up to date on mom's condition as well use this opportunity to relieve a bit of the stress associated with today's family and doctor meeting. Next week I will be making appointments with numerous facilities for mom and the family to visit. Way nuf said!

Don't forget the January meeting is back at the Innkeeper in Waunakee.

Oh I almost forgot this month's "cool" language word:

Hooptie n. - **A:** motorized sleigh, **B:** merriment, **C:** old car, **D:** annual tradition.

Make your best guess and check the "cool" answer on page 3.

Le Roy

Have you paid your 2004 dues?

Most of you paid have paid your 2004 dues. However, if you have not, please plan on paying your dues at the January meeting. Also there were a few of you who didn't renew last year and we would like to see back with us again. If you can't make the meeting, please send your \$10 dues to me at my address on the mailing page of this newsletter. Thanks!

Le Roy

Frequent Flyers

Taxiing down the tarmac, the DC-10 abruptly stopped, turned around and returned to the gate. After an hour-long wait, it finally took off.

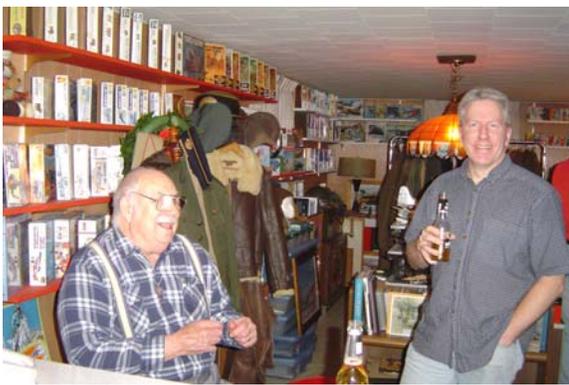

A concerned passenger asked the flight attendant, "What was the problem?"

"The pilot was bothered by a noise he heard in the engine," explained the flight attendant, "and it took us a while to find a new pilot."

Pictures of the Eagles visit to the Gallery of Aviation

On February 12 the Screamin' Eagles held their meeting at the Gallery of Aviation. We had food and drinks and judging by its consumption, everyone had a good time. While we may not be holding any more meetings at the Gallery, feel free to contact me if you'd like to visit again. You're always welcome. I thought I'd share some pictures I took. We even had a surprise "Silvertone" 5-string guitar performance by Rob. – *Le Roy*

Cool Talk Answer

Hooptie n. – (C) Old car that's in bad shape; as, It may be a *hooptie*, but it's better than nothing at all.
