April Meeting to be held at Rex's Innkeeper

The April Screamin' Eagles meeting will be held at Rex's Innkeeper in Waunakee on **Thursday** April 8 at 7:00 PM. This will be our last meeting at Rex's until next fall. They have good food and drinks so come early and grab a bite to eat there to show our appreciation for

using their place as our fall and winter meeting site. The Innkeeper has lots of room for show and tell so bring those projects you are anxiously waiting to show off before the spring maiden flight. Next month our spring and summer meetings will return to Quarry Field in Lodi

Frustration 101

It's so frustrating when you know all the answers, but nobody asks the questions!

March Minutes – By Roy Seals

Bill called our meeting to order and Le Roy gave our treasury report.

It was announced that Bob Miracle passed away (it took most of us by surprise) and we took up a collection that will be sent to his wife to be used as she sees best. Our condolences go out to their family.

Mark had a flyer to put in our local hobby shops for our upcoming June 12th fly in. We suggested a few changes for Mark to make. Roy

Continued on page 2

Minutes – Continued from page 1

has sent a copy of the updated flyer for our fly in to Le Roy to proof read. We will start making more concrete plans for our fly in starting at our next meeting.

Mark brought a list of fly ins for the summer as well as some flyers for upcoming events sponsored by the Lodi club.

Show and Tell:

Charlie brought a set of navigation lights that are battery operated, light weight, and can be easily installed in any plane since there are no wires. They come in red blue and green.

Wayne brought pictures of his 35% G202 wild hair. It has a ZDZ 80 single controlled by JR and has a 93 inch wing span.

Lyle brought his 76 inch ultimate. It is an Ohio kit and has a Sphear 4.6 for power. He finished the plane with dope and paint. It came in at 22 pounds.

Mark brought the newest copy of Fly RC. The Lodi club is receiving it and he was passing it on for us to see.

Roy brought a new line of pilots that he is carrying. They are called Aces of Iron made by perfect pilots. They are 1/4 scale that will soon be molded into smaller sizes. They are highly detailed WWI and WWII pilots.

Hope to see most of you at the Toledo show. Until next month,

Roy 

Trez/Ed Sez – By Le Roy Stuczynski

Hi guys, I'm sorry you snail mail members didn't get this issue before the meeting but I was very busy this month and a quick trip to Toledo for the Weak Signals 50th R/C Expo didn't help much to the ease the pressure of making the usual deadline. So, you e-mail guys will most likely be able to view the April newsletter prior to the meeting but...again, sorry to you snail mail recipients.

Speaking about e-mail, the majority of the membership at the last meeting indicated they no longer need a mail copy of the newsletter because they view it through my website. Further, many indicated they really enjoy the color. We came to the consensus that, beginning this month, members with a valid e-mail address will no longer receive a printed copy. If that is a problem to any of you, please let me know. This will reduce printing and postage costs and will stretch our limited funds a bit further.

In order to be fair to Charlie, who generously advertises in our newsletter, I will be including his advertising page in the pdf file viewed by you e-mail recipients. If you didn't know, Charlie's fee covers a substantial amount of our annual newsletter costs.

I was extremely sorry to hear about our fellow Eagle Bob Miracle's death. Unfortunately I was not aware of it until after the March newsletter was printed. Otherwise our condolences would definitely have been expressed last month. Bob was a person who was there to help whenever help was needed and I can't remember ever hearing an unkind word spoken by Bob of anyone. He was one of the most considerate individuals I've ever known. Bob was a true friend to everyone and is already truly missed.

To help express our sincere condolences to Bob's wife and family, we collected nearly \$100 to be sent to Bob's wife as a memorial to Bob for her use as the family desires. Thanks Bob for being one of the most considerate, helpful, and friendly persons I've ever known! I know I speak on behalf of all you Eagles.

Toledo, in spite of my terrible chest cold, was as usual a great show filled with great airplanes, camaraderie, food, drink, and just "plane" fun. I took quite a few pictures and I am sharing a few with you in this issue. I went with Roy Seals, Rob Goebel, and Ray Walsh. Roy and Rob, of course, you recognize as Eagles. Ray has attended several of our meetings with Tom Lazar and I think we have may have talked him into joining us.

Don't forget the April meeting will be the last one held at the Innkeeper until next fall. Quarry Field will be our spring and summer meeting place. Come early and fly before the meetings there. Thanks to the LARCC club for again allowing us to join them this year for flying and meetings at their field.

Now for this month's "cool" language word:

Tight adj. - **A:** fantastic, **B:** uncomfortable, **C:** grumpy, **D:** cheap.

Make your best guess and check the "cool" answer on page 3.

See you at the Innkeeper.

Have you paid your 2004 dues?

Most of you paid have paid your 2004 dues. However, if you have not, please plan on paying your dues at the meeting. Also there were a few of you who didn't renew last year and we would like to see back with us again. If you can't make the meeting, please send your \$10 dues to me at my address on the mailing page of this newsletter. Thanks!

Le Roy 

Prez Sez – By Bill Disch

Well it's that time again so I will send a word or two.

I finally am done with my Spacewalker and waiting for this weather to get better so I can get out to the field for the test hop. All the planes are done and ready to fly. It's been a long winter.

It's getting time to start thinking about our Big Bird fly In so pray for good weather and also low wind right down the tube. Work day is coming up at the MARCS field on May 1 so let's show them that the Screamin' Eagles are not afraid of work. I guess that's all I have this time. See you at the meeting.

Toledo R/C Expo 2004

Cool Talk Answer
Tight adj. – (A) Fantastic; cool; interesting; as,
 Have you heard the new CD from Dido? .It's
 totally **Tight!**
