May Meeting will be held at MARCS Kettle Field,

The Thursday May 10, 2007 meeting, as well as the rest of our summer meetings, will be held at the Madison Area Radio Control Society (MARCS) Kettle Field in Madison. Come early and fly but if the weather is bad, we will move to the Crossroads Bar at the corner of 12 & 18 and County Trunk AB. Most

likely we'll eventually go there for something to eat anyway. In talking with Brad Witt to verify it is OK for us to meet and fly at the MARCS field this summer I understand there was some discussion about another bad weather meeting site. As no minutes of the April meeting were reported nor anyone told me of any new arrangements, I am keeping the Crossroads as the May bad weather site. 

Trez/Ed Sez - By Le Roy Stuczynski`

Hi Eagles. I've been so busy this month with the Toledo and the Air Force Museum trip, an Illinois B-17 restoration project visit, tons of springtime projects, deck repair and getting ready for inside painting and work that I am sorry to say this is going to be the smallest newsletter I've ever done. No one even recorded the April minutes for me to include in this abbreviated issue. Shame, shame. This issue is merely a meeting announcement, a brief Trez/Ed Sez, and Charlie's Ad.

We had a great Toledo trip! Mark Johnson, Aron Kershaw and I rode in Mark's van and Jeff Kohl of the LARCC's and Richard Cohoon followed in Jeff's pickup. On the way down we picked up Roy Seals in West Bend, IN because he picked up a nice new trailer nearby. He left the trailer and his pickup in West Bend and we dropped him back there on our snowy trip back through Indiana so he could head back to Missouri. We spent Friday at Toledo and after the show closed we headed to Dayton. Toledo didn't seem as busy this year but there were still a bunch of impressive models. The Air Force Museum was fantastic and it sure has changed and grown since I was there in about 1992.

While in Toledo I had my annual Toledo beer with Craig Lovell in the Seagate Lobby. Craig works the Jet Hangar International booth each year. Of course I hit him up for his 2007 dues. On the way home I nailed 2007 dues from Roy Seals and Aron Kershaw as well. I also saw Dustin Buescher working the Bob Violett Models booth. Dustin will be in Indiana for a jet event around our event date and might come?

I took lots of pictures at the Toledo show, the Air Force Museum, and the Illinois B-17 restoration project but I just don't have time to include some of them in this issue so I will share some in the next issue. See you at the MARCS field on Thursday.  Le Roy

RC Airplanes, Trains

Hours 8 – 5 P.M. Mon. – Fri.

Congratulations: Eagle Carl Bachhuber on the successful maiden flights of your two latest giant scale models; Boeing #307B Stratoliner, April 20, 2007 and Nakajima B5N2 Kate, 1st flight-4/28/2007. We hope to see these impressive models at our June 23, 2007 event. For pictures go to <http://www.carlb-rcplanes.com>
